HARDWOOD FLOORS

are beautiful, economical, durable, healthful and labor saving. They are the common-sense answer to the floor question.

RATHBONE OAK VENEER FLOORING

can be put down perfectly by any carpenter or by the man of the house if he is handy with tools. Being only three-eighths of an inch thick it is light and easy to handle, and even with strenuous wear it will last longer than the house itself.

Write for Folder

Write for free folder which gives full particulars. State size of your room and we will quote you cost of flooring in quarter-cut white oak, plain red oak or birch.
