LYNN RIVER FARM

Nurturing Nature, Honoring Tradition

Lynn River Farm, nestled in Perth East, Ontario, is a family-operated farm with deep roots in the region. Established by the current owners in 2009, the farm reflects a blend of history and a commitment to natural, sustainable farming practices. The land itself has been part of the family's story for generations—its heritage dating back to the 1830s, when the farmhouse was first built.

The farm's story is a meeting of two distinct paths. Lindsay's family has farmed in the area for many generations, bringing a wealth of knowledge and history to the operation. Meanwhile, Mike's journey to farming began with a background in the culinary arts, a perspective that adds creativity and a focus on high-quality, fresh ingredients to the farm's offerings. Together, they purchased the property in 2009 with a vision to revive the land and farm in harmony with nature, blending tradition with innovation to create something truly unique.

Lynn River Farm's commitment to quality and natural practices has earned recognition within the community. In 2024, the farm received the Trailblazing Award from the Stratford & District Chamber of Commerce, highlighting their innovative approach to farming and local business.

Lynn River Farm continues to grow and thrive, offering fresh, naturally-raised products and connecting with the community through their commitment to sustainable agriculture. With a deep respect for tradition and a passion for promoting healthier, more environmentally-conscious farming practices, Lynn River Farm is a proud part of Perth East's agricultural landscape.
