

FARM TO FAMILY

FARM TO FAMILY

Locally Grown, Family Run

Located just outside Mitchell, Ontario, Farm To Family is a welcoming destination for fresh, locally sourced food. With a focus on farm-grown produce, artisan goods, and convenient delivery, the business is rooted in a mission to connect the community with quality products and the people behind them.

The vibrant retail space and reliable weekly delivery service is all thanks to the hard work and vision of owners Stephanie and Curt. After a lifetime of farming and experience working with the family business, Curt saw an opportunity to make ethically grown, sustainable food more accessible to households across Perth County and beyond. Together, he and Stephanie set out to make it easier for families to enjoy fresh, real food while supporting local growers and makers.

At the core of Farm To Family's offerings are weekly produce boxes, filled with in-season fruits and vegetables grown right on their farm or sourced from trusted nearby partners. These boxes reflect what's growing locally, changing with the seasons and always focused on freshness, flavour, and variety.

Inside the storefront, customers will find a thoughtfully curated range of pantry staples, house-made preserves and baked goods that highlight the creativity and care of Ontario's small producers. They also feature a beautiful selection of flowers, garden plants, and autumn pumpkins. The store's rotating selection of goods means there's always something new to discover and enjoy, no matter the season.

Farm To Family is built on respect for the land, for food producers, and for the people they serve. It's a place where good food meets good values, and where every purchase helps sustain the heart of rural Ontario.
