CLEANING DEPOT BY PBJ

A Family Business Built on Community

Cleaning Depot by PBJ has been a trusted family-owned business serving Southwestern Ontario since 2003. Founded by Paul in Listowel, Ontario, with the guidance of Les Tervitt, the former CAO of Listowel, the company filled a gap in the market for cleaning, maintenance, and business supplies. With a focus on honest prices, fast service, and no minimum orders, Cleaning Depot quickly became a go-to supplier for local businesses and residents alike.

Rooted in Perth County, Cleaning Depot thrives on the region's strong community spirit. Paul, a Listowel native, chose the area not just for its business potential but for the relationships that define the community. Over the years, the company has grown by expanding its team, increasing its product offerings, and opening a second location in Walkerton, enabling them to serve even more customers.

Customer feedback is central to the business, driving improvements like faster delivery and a broader product range. As Cleaning Depot continues to grow, they've also started offering franchise opportunities to extend their customer-first approach to other communities while maintaining their core values of reliability and support.

Beyond business growth, Cleaning Depot gives back to the community through initiatives like their annual Paper Drive, which helps meet the holiday demand for essential paper products. With future plans for expansion and a commitment to their customers, Cleaning Depot by PBJ remains a cornerstone of the Perth County business landscape.
