BLACK DONNELLYS BREWING CO.

Crafting a Community

After 25 years in the commercial sign business, Neil Douglas decided it was time for a change. In 2015, just outside Mitchell in the Municipality of West Perth, Neil founded Black Donnellys Brewing Company.

From the beginning, Neil's vision was clear: to brew exceptional beer that celebrated the rich heritage of Perth County. On the outskirts of Mitchell, he found the perfect location to bring this vision to life. Here, Black Donnelly's beer was born, brewed and packaged on-site with care and precision.

Word of Black Donnellys Brewing Co. spread quickly. Soon, there distinctive beers could be found in bars and restaurants across Perth County and beyond. But it wasn't just about the beer; it was about the experience. Patrons flocked to the brewery to enjoy a cold beer in their inviting, licensed seating area or on the patio.

Neil understands the importance of community. Black Donnellys Brewing Co. has become a hub for local events, live music nights, trivia nights, birthday parties, and private functions. The brewery's calendar is always filled with activities that bring people together.

Neil's journey from the commercial sign business to brewing was more than a career change; it was a testament to his dedication to creating something meaningful for his community. Black Donnellys Brewing Co. is a beacon of local pride, where every beer tells a story of heritage, craftsmanship, and community spirit.
