STRATFORD

Founded 1832
Town 1858

Village 1854
City 1885

Stratford, the county seat of the County of Perth, is surrounded by an area rich in agriculture, noted for its butter, cheese and pork production. It has the highest altitude of any city in Ontario, being 1,194 feet above sea level.

Originally known as Little Thames, the name was changed to Stratford in 1840, in honour of Shakespeare's birthplace Stratford-upon-Avon, England.

Initially a woodworking, foundry and milling town, Stratford's real economic thrust began in 1856 with the arrival of the Grand Trunk Railway and was further stimulated in 1870 by the establishment of a steam locomotive repair shop. For years the railway was the largest employer of labour in the community. Forwarned in 1957 that the shops would be phased out as the diesel replaced the steamer, the city was fortunate in securing a number of new, widely diversified, industries that have kept the economic climate healthy.

Now the home of the Stratford Festival, launched in 1953, the city has won world wide acclaim as the cultural centre of Canada. The Festival complements, in no small measure, the community's enviable parks system, and recreation areas, its public institutions and its mercantile and industrial virility.

PREFACE

In presenting their Fifty-Sixth Edition of the STRATFORD CITY DIRECTORY, the publishers thank their many patrons for their cordial support.

For the third time, postal codes have been included in the street directory (pink section). They are prominently located after each street intersection description and shown in italics.

This year once again the names are listed in order of telephone numbers. This Numerical Telephone Directory is printed on blue paper and we feel that it will greatly increase the usefulness of the directory to our subscribers. Telephone numbers are also listed by house address in the Street Directory.

Our estimate of the population of the City of Stratford and the outskirts, is 27,000.

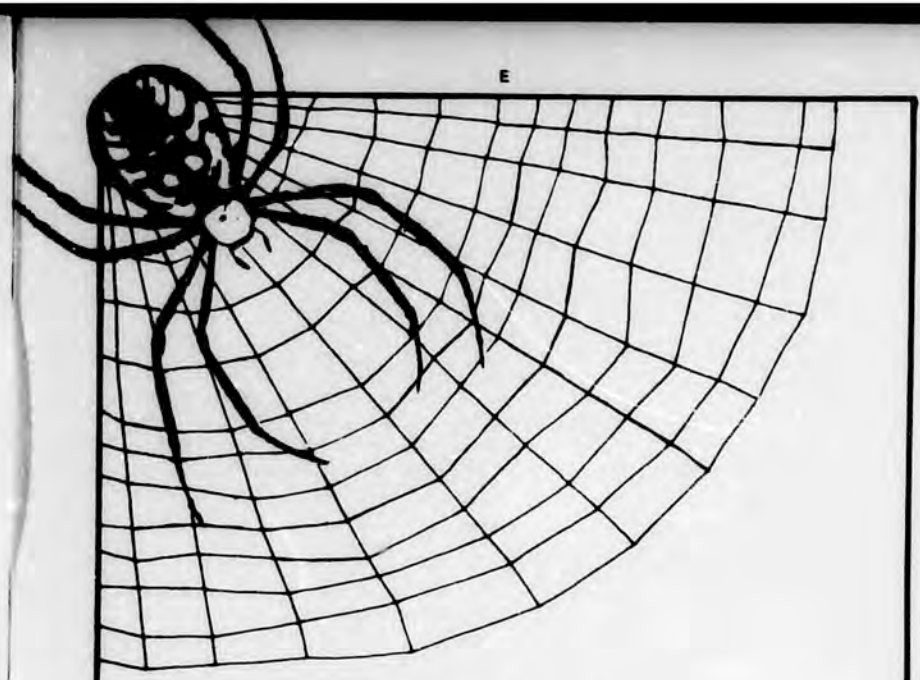
VERNON'S HAS BEEN WRITING THE BOOK ON CITY DIRECTORIES SINCE 1894.



Lack of advertising... beneficial to some!

When Mark Twain was a young man, he was editor and publisher of a growing newspaper in a small Missouri town. One day he received a letter from one of his subscribers. The subscriber said that he had found a spider in that morning's edition of his paper. He wanted to know if this was an omen of good luck, or of bad luck. Mark Twain, a hustling space salesman as well as an editor, wrote to his customer:

Dear Sir:

Finding the spider in your newspaper yesterday morning was neither good luck or bad luck for you. The spider was merely looking over our paper to see which of the town's merchants is not advertising. He will then go to that store, spin his web across the door, and lead a life of undisturbed peace ever afterward.

Act now! Arrange for your Ad to appear in our next edition

POSTAL CODE —

WHAT IS IT?

The postal CODE, composed of six characters, is a permanent part of your postal address. In urban areas, it contains enough information to determine the destination of a letter right down to one side of a city street between intersections, and sometimes even further.

The CODE is composed of both letters and numbers, in the form of ANA NAN, where "A" represents a letter of the alphabet, and "N" a number. There is a space separating the first three characters, the Area Code, from the last three.

In urban areas, the Area Code describes an area roughly the size of 25 letter carrier routes. The last three characters denote a very small and easily-defined section within the area described by the Area Code. These characters can specify one side of a city block, an apartment building, an office building or a large firm or organization which does considerable business with the Post Office. They can also denote a service from a post office or postal station -- rural route, general delivery.

In rural areas, the postal CODE indicates a specific post office.

The postal CODE will facilitate the sorting of mail, especially as mechanized sorting machines have become necessary to cope with growing mail volumes.

A BRIEF HISTORY OF STRATFORD

Home of the world-renowned Shakespearean Festival since 1953, Stratford has enjoyed a Shakespearean atmosphere almost since the time of its inception.

The county seat of Perth County, Stratford is located in what was known as the Huron Tract, a million acre parcel of land extending from the western border of the Region of Waterloo to Lake Huron. The land had been bought from the British Crown in 1826 by a British-based group known as the Canada Company, which soon began opening it for settlement. Its earliest settlers came from England, Ireland, Scotland and Germany, but now people of many nationalities call it home.

While Stratford was not founded until 1832, surveyors came through in 1829 and found this to be a swampy area, covered with trees and a swift running stream. Nevertheless it has the distinction of having the highest elevation of any city in Ontario, being 1,194 feet above sea level.

Originally known as Little Thames, the name was changed to Stratford in 1840 by Canada Company officials and the stream was called the Avon River. Early legislators divided the community into five wards, bearing the names Avon, Falstaff, Hamlet, Romeo and Shakespeare, and what was probably the first public meeting place was called Shakespeare Square. This now is the site of the Memorial Garden on Ontario Street. The city's public schools also bear Shakespearean names.

Attaining the status of a town in 1854, it so remained until 1885 when it separated from the county, for municipal purposes, and became a city.

Like other developing communities, Stratford, at the beginning, was a typical county seat. It had its grist mills, saw mills, tanneries, asheries, and foundries, providing the necessities of life for the villages and nearby settlers, who brought their wheat and other produce here for processing and sale.

Furniture factories sprung up in the early nineteen hundreds to meet the demands of the booming west, and furniture-making has continued as an important part of the city's economy.

The community's real economic growth began with the arrival of the railways in 1856, causing the village in the swamp to blossom forth. At one time it was the focal point of four railways, now part of the Canadian National system, and for years was an important divisional terminal. Acquisition of the Grand Trunk motive power shops in 1870 gave the town a large industry that was to set the pattern of living for decades to come.

With the end of the railway bonanza, after the Second World War, civic leaders embarked on a vigorous and successful campaign to obtain new and varied industries. Today the city has approximately 68 manufacturing outlets covering a wide range, but chiefly identified with the automotive, electronics and furniture trades.

The city is served by the Canadian National Railway, three provincial highways and an airport, facilitating the movement of people and merchandise.

For years Stratford has had an enviable parks system, embracing about 800 ac es, that has won wide acclaim. Centrepiece is the Avon River, coursing thr gh the centre of the city, with its famous swans and boating facilities. Bordering parkland includes the Shakespearean and Memorial Gardens; Queen's Park, the home of the Shakespearean Theatre; Confederation Park and its nearby art gallery.

Never a "boom" town the Festival City of Stratford has enjoyed a healthy and orderly growth. The amenities it offers in the way of schools, churches, recreation centres, shopping areas, public and social services make for desirable living for people in all stations of life.

"BUYER BEWARE"

Special Notice

The Vernon Company has been publishing city directories for Ontario communities for more than eighty years, beginning with the Guelph directory in 1894. We have worked diligently to establish a reputation in the business community for reliability and honesty in our dealings. Our policy is not to ask for payment in advance, except in the case of new subscribers or telephone orders.

From time to time other firms appear on the scene selling listings, subscriptions and advertising space in directories of various kinds. Some of these are legitimate, but others, often securing advance payments, publish only a token directory or none at all. In addition, solicitation for directory listings, purposely designed to resemble invoices, are sometimes mailed to business firms and are passed for payment as the result of insufficient checking.

We urge our subscribers to take the following steps to protect themselves from fraudulent directory schemes:

1. **Before signing a contract for directory service, listings, or advertising space, check the identity and reputation of the publisher; if in doubt, contact your local Chamber of Commerce or Better Business Bureau.**

2. **Be especially wary of contracts which require payment with the order.**

3. **Be sure to read the small print before approving an "invoice" which is really only a direct mail solicitation for directory which may never be published.**

EXPLANATION

1. The Christian name appearing alone in brackets is the name of spouse.
2. In some cases the designation, widow, has been omitted by request.
3. Names in bold print are those of firms which subscribe to or advertise in this City Directory. Names in capital letters are those of proprietors, partners or executives of these firms.
4. Business firms which are individual proprietorships or partnerships are indicated by listing the names of the owner or partners in brackets: Plaza Groceries (John B. Scott, Wm. Noble). Conversely, a firm name in brackets after an individual's name indicates that he is an owner or partner in the firm.
5. The householder or head of the house (owner or tenant) is indicated by h preceding the street address. Other members of the family, roomers and boarders do not have this designation. To determine whether the householder is owner or tenant, refer to the pink section, where home ownership is indicated by an asterisk (*).
6. The information in this directory has been gathered from original sources and the Publishers have made every effort to ensure completeness and accuracy. They cannot guarantee the complete absence of errors and assume no responsibility therefor. You are requested to draw any inaccuracies to the attention of the Publishers so that corrections may be made in the next edition.

"YOUR AD"

WILL MAKE THE DIFFERENCE

A lawyer specializing in consumer causes for the state of Connecticut has asked the telephone company to scramble its Yellow Pages on the grounds that they're unfair.

He claims that the Yellow Pages mislead people. When they're looking for a plumber, say, they start with the A's, even though better plumbers may be buried in the H's or W's. This means that businesses and services at the beginning of the alphabet have an edge. In other words, the A's have it over all the rest.

The lawyer's remedy is to have the telephone company print half the subject listings in the Yellow Pages in alphabetical order and half in reverse alphabetical order. Half would start with A and half with Z. Either way, of course, the M's and N's would be stuck in the middle.

Is there any justice? Why not start the first business listing with the A's the second with the B's the third with the C's, and so on until every letter has a turn at the top?

Incidentally, the lawyer's name is Zitser.

ARRANGE FOR YOUR AD TO APPEAR IN OUR NEXT EDITION.

when to stop advertising?

Advertising should be stopped —

When you expect to go out of business.

When there is nothing about your business that people ought to know.

When you don't want new customers.

When people never become dissatisfied with one firm and go to another.

When the public stops being born, stops dying, stops forgetting.

In other words when a firm is coasting it's generally going down hill.

Interruptions . . .

When you are exasperated by interruptions, try to remember that their very frequency may indicate the valuableness of your life. Only the people who are full of help and strength are burdened by other people's needs. The interruptions which you tolerate are the credentials of your indispensability. The greatest condemnation that anybody could incur — and it is a danger to guard against — is to be so independent, so unhelpful, that nobody ever interrupts you, and you are left comfortably alone.

STRATFORD 1983

NOTE: The asterisk (*) preceding a householder's name indicates that we have received information that the house is owned by some member of the family. The Publishers have made every effort to ensure completeness and accuracy. They cannot guarantee the complete absence of errors and assume no responsibility therefor. You are requested to draw any inaccuracies to the attention of the Publishers so that corrections may be made in the next edition.

The profession, business, etc., of individuals and firms are only given at their respective places of business. To find the occupation of the householder, refer to the Alphabetical list of Names.

Telephone numbers, as supplied to us during our enumeration, are shown after names.

Postal Codes have been included in the street guide (pink section). They are prominently printed in italics after each street intersection description and apply to all addresses in the block following.

NOTES

WHAT'S A

"WHO CALLED"?

(BLUE SECTION)

USE IT DAILY TO....

1. Identify callers who leave phone number only.
2. Identify as business or residential.
3. Decide whether to return call, once name of caller is learned.
4. Identify callers who leave name and phone No. but not Company name.
5. Obtain name of all firms operating under same phone no.
6. Get out pertinent file prior to returning call.
7. Ascertain correct name and address on poorly written or misspelt messages.
8. Decode "blind" telephone numbers.
9. Determine name and address from classified Ads.
10. Authenticate phone solicitations. Ask for phone number, then verify.
11. Track down full personal data from the slimmest lead – a telephone number.

INDUSTRY

Is your company seeking a new industrial or commercial site or branch office?

Then here is what Stratford has provided other firms and offers to you:

Stratford is a progressive city of 27,000 population located on 4,860 acres of which 870 acres are parks and playgrounds (the largest park area per capita of any city in Canada).

Situated at the hub of Southern Ontario's thriving industrial and agricultural belt, Stratford offers new industries, a strategic location to supply the Canadian and U.S.A. markets (half of Canada's population lies within 500 miles of Stratford).

Stratford is famous for its Shakespearean Festival, which draws theatre-goers from all over the world.

A pleasant community and congenial atmosphere common to smaller city living prevails. Any point in Stratford may be reached within a few minutes by car. The city is surrounded by high productive farm land and attractive countryside.

—Private and municipally owned building sites are available in all sizes at competitive prices.

—Over 350 retail stores, 17 schools, 30 churches, adequate sports facilities for golf, tennis, skating, curling, cross country skiing, bowling, swimming, badminton, baseball, hockey, etc.

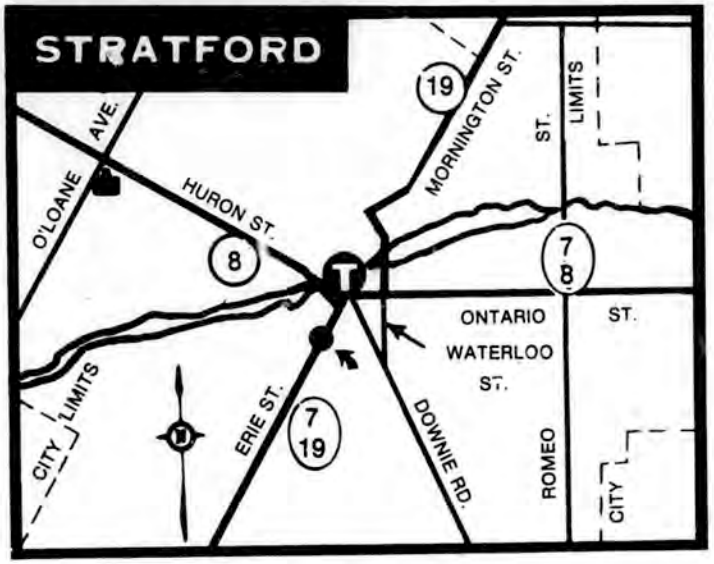
—Stratford's industries are "clean". Industrial smoke and noise disturbances are virtually non-existent even though heavy manufacturing exists.

—A successful history of labour relations with wage rates comparable to other small southern Ontario cities.

—Located in Stratford are excellent professional architects and engineers, contractors and skilled tradesmen who have been responsible for independently designing and erecting most of Stratford's industrial and residential buildings.

—Stratford's Director of Economic Development will be pleased to provide you with more specific information upon request. Planning experts are at your disposal to assist you in selecting the best location for your need. This service is furnished in a confidential manner at no cost or obligation.

Write or telephone: A. H. Johnson, Director of Economic Development,
City Hall, Stratford, Ontario, Canada N5A 2L1
Telephone 271-0250 (area code 519)



THE PHONE

Most of us will spend two years of our lives on the telephone. They are not likely to be the best two years. Your phone rings. You pick it up, say *"hello,"* and a gruff voice barks, *"who's this?"*.

You place a call.

Someone on the other end of the line answers, *"one moment please"* — and you sit there — three minutes before anything else happens.

You try to call Jones.

His office asks, *"May I tell him who's calling?"* before they'll admit he's in.

Another irritant: *"What is this in reference to?"* You might break that logjam by saying it's about his wife's gambling debts.

Maybe the all-time crusher, is when you answer your phone to be told Mr. Smith is calling and will be right with you. Then you sit there, seething, for another three minutes before Smith comes on. The telephone is one of life's miracles.

With a little thoughtfulness, we could make it one of life's blessings. Worth trying, isn't it?
