The *Motor Hotel* has the BIGGEST BEDBUGS in Town!

When a young advertising salesman suggested to a small town hotel proprietor he begin a schedule of Display Ads aimed at Local Patrons, he agreed that the suggestion had merit. He felt however that he could not afford large enough Ads and stated "Nobody Reads Small Ads."

The Adman disagreed and was so sure of his service that he offered to run a series of one inch Ads free of charge providing that he could write the copy. The innkeeper thought this request was reasonable and responded with an "O.K., but what are you going to say in my Ads?"

"Nine Words," said the salesman. "It will read: The Motor Hotel Has The Biggest Bedbugs In Town."

The hotelman shouted, "You'll drive me out of business!"

"But Sir!" said the salesman, "You said no one ever reads small ads."

***

People do read small ads. Many a large business started with small ads, and only because the Small Ads produced results were they able to become Big Advertisers. Don't put off telling people about your Products and Services just because you can't compete Size-Wise with large businesses. Discuss it with our representative. He'll have some good ideas for you.

Act now! Arrange for your Ad to appear in our next edition.

STRATFORD

Founded 1832 — Village 1854

Town 1858 — City 1885

Stratford, the county seat of the County of Perth, is surrounded by an area rich in agriculture, noted for its butter, cheese and pork production. It has the highest altitude of any city in Ontario, being 1,194 feet above sea level.

Originally known as Little Thames, the name was changed to Stratford in 1840, in honour of Shakespeare's birthplace Stratford-upon-Avon, England.

Initially a woodworking, foundry and milling town, Stratford's real economic thrust began in 1856 with the arrival of the Grand Trunk Railway and was further stimulated in 1870 by the establishment of a steam locomotive repair shop. For years the railway was the largest employer of labour in the community. Forwarned in 1957 that the shops would be phased out as the diesel replaced the steamer, the city was fortunate in securing a number of new, widely diversified, industries that have kept the economic climate healthy.

CITY OF STRATFORD • INDUSTRY AND ARTS •

Now the home of the Stratford Festival, launched in 1953, the city has won world wide acclaim as the cultural centre of Canada. The Festival complements, in no small measure, the community's enviable parks system, and recreation areas, its public institutions and its mercantile and industrial virility.

PREFACE

In presenting their Fifty-Eighth Edition of the STRATFORD CITY DIRECTORY, the publishers thank their many patrons for their cordial support.

For the fifth time, postal codes have been included in the street directory (pink section). They are prominently located after each street intersection description and shown in italics.

This year once again the names are listed in order of telephone numbers. This Numerical Telephone Directory is printed on blue paper and we feel that it will greatly increase the usefulness of the directory to our subscribers. Telephone numbers are also listed by house address in the Street Directory.

Our estimate of the population of the City of Stratford and the outskirts, is 27,000.

A BRIEF HISTORY OF STRATFORD

Home of the world-renowned Shakespearean Festival since 1953, Stratford has enjoyed a Shakespearean association almost since the time of its inception.

The county seat of Perth County, Stratford is located in what was known as the Huron Tract, a triangular million acre parcel of land extending from the western border of the Region of Waterloo to Goderich and Grand Bend on Lake Huron. The land had been bought from the British Crown in 1824 by a British-based group known as the Canada Company, which soon began opening it for settlement. Its earliest settlers entered by the Huron Road from England, Ireland, Scotland and Germany, and now people of many nationalities call it home.

While Stratford was not founded until 1832, surveyors came through in 1828 and 1829 and found this to be a pleasant meadow surrounded by trees, swamp and a swift running stream. It has the distinction of having the highest elevation of any city in southern Ontario, being 1,194 feet above sea level.

Originally known as Little Thames, the name was changed to Stratford in 1834 by Canada Company officials and the stream was called the Avon River. An early council divided the community into five wards, bearing the names Avon, Falstaff, Hamlet, Romeo and Shakespeare, and what was probably the first public meeting place was called Shakespeare Square. This now is the site of the Memorial Garden on Ontario Street. The city's public schools also bear Shakespearean names as well as several streets.

Early travellers described Stratford as a little collection of wooden buildings and streets paved with mud of unsearchable depths. Mosquitoes were here by the million.

Attaining the status of a town in 1854, it so remained until 1885 when it separated from the county, for municipal purposes, and became a city. With cityhood came an ambitious programme to pave the streets.

Like other developing communities, Stratford, at the beginning, was a typical county seat. It had its grist mills, saw mills, tanneries, asheries, and foundries, providing the necessities of life for the villages and nearby settlers, who brought their wheat and other produce here for processing and sale, but especially wheat.

Furniture factories sprang up before the turn of the century to meet the demands of the booming west, and furniture-making continues as part of the city's economy.

The community's real economic growth began with the arrival of two railways in 1856, causing the village to blossom forth. At one time it was the focal point of four railways, now part of the Canadian National system, and for years was an important divisional terminal. Acquisition of the Grand Trunk motive power shops in 1870 gave the town a large industry that was to set the pattern of living for decades. The railway attracted over 700 families to the community before 1890.

Since most of the furniture and railway workers were craftsmen, aesthetic considerations in the community were recognized and consequently architecture, cultural activities and even street names record their presence today.

With the end of the railway bonanza, after the Second World War, civic leaders embarked on a vigorous and successful campaign to obtain new and varied industries. Today the city has approximately 68 manufacturing outlets covering a wide range, but chiefly identified with the automotive, electronics and furniture trades.

The city is served by the Canadian National Railway, provincial highways and an airport, facilitating the movement of people and merchandise.

For years Stratford has had an enviable parks system, embracing about 800 acres, that has won wide acclaim. Centrepiece is the Avon River, coursing through the centre of the city, with its famous swans and boating facilities. Bordering parkland includes the Shakespearean and Memorial Gardens; Queen's Park, the home of the Shakespearean Theatre; Confederation Park and the nearby art gallery.

Formerly known as the Classic City and now as the Festival City Stratford has enjoyed a healthy and orderly growth. The amenities it offers in the way of town plan, schools, churches, architecture, recreation, shopping, public and social services make for desirable living for people in all stations of life.

By the late Tom Dolan with additions by James Anderson, archivist, Stratford-Perth Archives

Interruptions . . .

When you are exasperated by interruptions, try to remember that their very frequency may indicate the valuableness of your life. Only the people who are full of help and strength are burdened by other people's needs. The interruptions which you tolerate are the credentials of your indispensability. The greatest condemnation that anybody could incur — and it is a danger to guard against — is to be so independent, so unhelpful, that nobody ever interrupts you, and you are left comfortably alone.

ALPHABETICAL DIRECTORY STRATFORD 1987

EXPLANATION

1. The Christian name appearing alone in brackets is the name of spouse.
2. In some cases the designation, widow, has been omitted by request.
3. Names in bold print are those of firms which subscribe to or advertise in this City Directory. Names in capital letters are those of proprietors, partners or executives of these firms.
4. Business firms which are individual proprietorships or partnerships are indicated by listing the names of the owner or partners in brackets: Plaza Groceries (John B. Scott, Wm. Noble). Conversely, a firm name in brackets after an individual's name indicates that he is an owner or partner in the firm.
5. The householder or head of the house (owner or tenant) is indicated by h preceding the street address. Other members of the family, roomers and boarders do not have this designation. To determine whether the householder is owner or tenant, refer to the pink section, where home ownership is indicated by an asterisk (*).
6. The information in this directory has been gathered from original sources and the Publishers have made every effort to ensure completeness and accuracy. They cannot guarantee the complete absence of errors and assume no responsibility therefor. You are requested to draw any inaccuracies to the attention of the Publishers so that corrections may be made in the next edition.

STREET DIRECTORY STRATFORD 1987

NOTE: The asterisk (*) preceding a householder's name indicates that we have received information that the house is owned by some member of the family. The Publishers have made every effort to ensure completeness and accuracy. They cannot guarantee the complete absence of errors and assume no responsibility therefor. You are requested to draw any inaccuracies to the attention of the Publishers so that corrections may be made in the next edition.

The profession, business, etc., of individuals and firms are only given at their respective places of business. To find the occupation of the householder, refer to the Alphabetical list of Names.

Telephone numbers, as supplied to us during our enumeration, are shown after names.

Postal Codes have been included in the street guide (pink section). They are prominently printed in italics after each street intersection description and apply to all addresses in the block following.

"YOUR AD"

WILL MAKE THE DIFFERENCE

A lawyer specializing in consumer causes for the state of Connecticut has asked the telephone company to scramble its Yellow Pages on the grounds that they're unfair.

He claims that the Yellow Pages mislead people. When they're looking for a plumber, say, they start with the A's, even though better plumbers may be buried in the H's or W's. This means that businesses and services at the beginning of the alphabet have an edge. In other words, the A's have it over all the rest.

The lawyer's remedy is to have the telephone company print half the subject listings in the Yellow Pages in alphabetical order and half in reverse alphabetical order. Half would start with A and half with Z. Either way, of course, the M's and N's would be stuck in the middle.

Is there any justice? Why not start the first business listing with the A's the second with the B's the third with the C's, and so on until every letter has a turn at the top?

Incidentally, the lawyer's name is Zitser.

WHAT'S A "WHO CALLED"?

(BLUE SECTION)

USE IT DAILY TO....

1. Identify callers who leave phone number only.
2. Identify as business or residential.
3. Decide whether to return call, once name of caller is learned.
4. Identify callers who leave name and phone No. but not Company name.
5. Obtain name of all firms operating under same phone no.
6. Get out pertinent file prior to returning call.
7. Ascertain correct name and address on poorly written or misspelt messages.
8. Decode "blind" telephone numbers.
9. Determine name and address from classified Ads.
10. Authenticate phone solicitations. Ask for phone number, then verify.
11. Track down full personal data from the slimmest lead – a telephone number.

THE PHONE

Most of us will spend two years of our lives on the telephone. They are not likely to be the best two years. Your phone rings. You pick it up, say *"hello,"* and a gruff voice barks, *"who's this?"*.

You place a call.

Someone on the other end of the line answers, *"one moment please"* — and you sit there — three minutes before anything else happens.

You try to call Jones.

His office asks, *"May I tell him who's calling?"* before they'll admit he's in.

Another irritant: *"What is this in reference to?"* You might break that logjam by saying it's about his wife's gambling debts.

Maybe the all-time crusher, is when you answer your phone to be told Mr. Smith is calling and will be right with you. Then you sit there, seething, for another three minutes before Smith comes on. The telephone is one of life's miracles.

With a little thoughtfulness, we could make it one of life's blessings. Worth trying, isn't it?

INDUSTRY

Is your company seeking a new industrial or commercial site or branch office?

Then here is what Stratford has provided other firms and offers to you:

Stratford is a progressive city of 27,000 population located on 4,860 acres of which 870 acres are parks and playgrounds (the largest park area per capita of any city in Canada).

Situated at the hub of Southern Ontario's thriving industrial and agricultural belt, Stratford offers new industries a strategic location to supply the Canadian and U.S.A. markets (half of Canada's population lies within 500 miles of Stratford).

Stratford is famous for its Shakespearean Festival, which draws theatre-goers from all over the world.

A pleasant community and congenial atmosphere common to smaller city living prevails. Any point in Stratford may be reached within a few minutes by car. The city is surrounded by high productive farm land and attractive countryside.

—Private and municipally owned building sites are available in all sizes at competitive prices.

—Over 350 retail stores, 17 schools, 30 churches, adequate sports facilities for golf, tennis, skating, curling, cross country skiing, bowling, swimming, badminton, baseball, hockey, etc.

—Stratford's industries are "clean". Industrial smoke and noise disturbances are virtually non-existent even though heavy manufacturing exists.

—A positive history of labour relations with wage rates comparable to other small southern Ontario cities.

—Located in Stratford are excellent professional architects and engineers, contractors and skilled tradesmen who have been responsible for independently designing and erecting most of Stratford's industrial and residential buildings.

—Stratford's Director of Economic Development will be pleased to provide you with more specific information upon request. Planning experts are at your disposal to assist you in selecting the best location for your need. This service is furnished in a confidential manner at no cost or obligation.
