HARDWOOD FLOORS

are beautiful, economical, durable, healthful and labor saving. They are the common-sense answer to the floor question.

RATHBONE OAK VENEER FLOORING

can be put down perfectly by any carpenter or by the man of the house if he is handy with tools. Being only three-eighths of an inch thick it is light and easy to handle, and even with strenuous wear it will last longer than the house itself.

WRITE FOR FOLDER

Write for free folder which gives full particulars. State size of your room and we will quote you cost of flooring in quarter-cut white oak, plain red oak or birch.

Asked for His Reasons

for carrying Life Insurance with The Manufacturers Life, one of our large Policyholders cogently replied:

1st. "In case I do not accumulate a competence, or meet with reverses in business, I know my wife and family will not become objects of charity, as my Life Insurance will supply sufficient funds for their needs."

2nd. "Life Insurance is always the first asset realized on so, if at my demise, the time is not opportune to dispose of my other assets, my Executors will not need to sacrifice same to obtain ready money."

3rd. "It is the only way I can make absolutely sure of providing for my dependents."

4th. "It is the very essence of good business."
