

## Barton Family

### Index

#### Section 1: Barton Family Tree

- Names and identification number of each descendant of Thomas Barton [24] and Mary McCord [25]. Each new generation is indented. It should be noted that the tree is not complete. It contains only those members for which there is a photo or other documentation.

#### Note on Organization of the Family Tree:

1. Each person has been designated a number which correlates to their position on the family tree. The first two identified members of the family are each given a number. Each consecutive child is then given a letter to the end of that number. For example, the first child is 1-2a, the second child is 1-2b, and so on. The numbering system continues with each new generation being given an additional letter signifying their position within the tree.
2. Each spouse of a direct descendant is designated with Sp. for Spouse. For example, if they are married to the third child in the family tree, they would be numbered as, "1-2c.Sp." If they have more than more spouse, it will be denoted by a number after the Sp. "1-2c.Sp.2."

If an individual in this family tree is connected to another family associated with the project, that person's identification number will change in their second tree.

#### Section 2: Family photographs and archival documents

- Includes photographs and source documents related to each family member.

**Additional Note:** These photographs were part of the collection of Hildred Struthers White which also included photographs of other families including Stewart's and Struthers'. It may be that some photos were intermingled. Furthermore, the photos were scanned and labelled by Hildred's son-in-law many years after Hildred's death and after the death of her children. It is very likely that there are errors. It is hoped that other photos may emerge that can confirm or correct the assigned names and labels.
