Prepared especially for

PROSPECTING

CAPITALIZE ON A NEW CUSTOMER'S ENTHUSIASM CREATE YOUR OWN LEADS AND SELL MORE

*Are your earnings left to chance or choice? When you wait for prospects to walk in – **that's chance!** When you take action that creates specific appointments for yourself, **that's choice!***

*A good advertising and promotion program can maintain a certain level of business, and from this you may do fairly well, but – to take full command of your future, your sales, your take home pay – you must **add** a personal prospecting program.*

Here's one that works. This system had been used by sales people for years. It is without question the most efficient, the most productive method ever devised to put you face-to-face with interested prospects. Use this system to make more sales and insure your future in selling.

SYSTEM ONE

CAPITALIZING ON A NEW CUSTOMER'S ENTHUSIASM BY PROSPECTING HIS IMMEDIATE NEIGHBOURS

Never underestimate the referral sales power of a new customer's enthusiasm and how it spreads throughout their neighbourhood. When a new product shows up on the block, everyone with an older model is stimulated and **wants** a new one. Mom, Dad and the kids all start selling each other, so now's the time to call and stimulate these neighbours to buy now ... and buy from you.

Here's how to proceed

1. SET THE STAGE WITH YOUR CUSTOMER. After the sale, but before delivery of the product, fortify yourself with the names of several neighbours of your customer. Then, when delivering the product, say: *"Mr. Smith, I'm going to be calling on a few of your neighbours. Do you mind if I mention that you bought your new _____ from me?"* Your customer will say okay.

Then say: *"Thank you. Specifically, I'm planning to call on Mr. Brown, Mr. Jones, Mr. Kelly and Mr. White. Who do you think would be most likely to be buying a new _____ next?"* (Never say "soon." By saying "next" your customer will name one of the four. If you say "soon" he will usually say "none.") This simple, but powerful technique not only gets your customer to qualify his neighbours, but also supplies you with information that, when you call these prospects, puts you in a more favourable position to make appointments.

2. CALL THE NEIGHBOURS. The purpose of your call is to locate interested prospects, capitalize on their urge to keep up with the neighbours, and make specific appointments. The Vernon Directory 10-10 system gives you his ideal range of influence. You may want to use the "New Prospect Lead Form" to organize your calls and keep good records.

Here's what to do: From the Vernon Directory, obtain names, addresses and telephone numbers of neighbours to your customer. Call each one and say *"Hello, Mr. Fred Gordon?"* (Always use his full name the first time to give added personalization to your call.)

"My name is _____ *of* _____ . *One of your neighbours, Ed Smith, just took delivery of a new* _____ . *Have you seen it yet?"* Wait for response. Whether yes or no continue with, *"It's a beautiful* _____ *and I was able to give him a very good price. If the price was right, Mr. Gordon, would you or someone else in your family be in the market for a new* _____ *at this time?"* (Wait for response.)

If he answers affirmative, say "*Great. Right now I can give you a very good price. When would it be convenient for you to come in? I'll be here from* _____ *to* _____ *on Monday and* _____ *to* _____ *on Tuesday. Are one of those hours suitable?"* (If not, make a specific appointment for another time.)

When you have an interested prospect and agreed on a time, say *"Mr. Gordon, when you come in be sure to ask for me. Do you have a pencil handy? I'll spell my name for you. You can write it on your phone book if you don't have a piece of paper. My name again is* _____ ,

that's spelled _____ . By the way, your neighbour did a lot of footwork for you. (Wait for comment which will usually be "how" or "what do you mean?") *"He shopped all over town for the best deal and found that I could give it to him."* Then finish off by reconfirming the appointment: *"Thanks very much, Mr. Gordon, I'll see you at (time) on (day).*

If his answer to *"Would your be in the market at this time?"* was negative, say: *"Fine, Mr. Gordon. When do you think you will be ready for a new _____?"* (You may ask further questions now such as) *"What year is your _____?" "Do you have more than one in the family?" "Does Mrs. Gordon or any other member of your family need a _____?" "How long do you usually keep a _____."*

SYSTEM TWO

PROSPECTING IN NEW AREAS

You can also develop additional prospects by a systematic program of telephone prospecting on streets where you do not have a recent customer.

Here's a very easy method that works: Obtain the name addresses and telephone numbers from your Vernon Directory. Then call each resident and say:

Hello, Mr. Fred Gordon?"

Gordon: "Yes."

"My name is ___ ___ *of _____. We are having a neighbourhood 'Get Acquainted' program. Do you know where we are located on _____ Avenue? I'd like to invite you in to see our fine selection of new _____. Mr. Gordon, incidentally, if the price was right, would you or anyone else in the family be in the market for a new _____ in the near future?"* If he answers "Yes," follow up with, *"Fine Mr. Gordon. I can offer you rock botiom prices on all our models right now. When would it be convenient, etc.?"* (See above.)

Whether he is presently interested or not, you can also say: *"By the way, I'm going to be calling a few of your immediate neighbours. Who do you think – Mr. Jones, Mr. Brown or Mr. Davis – would be most likely to buy a new _____ next?"*

Another idea: Some sales people have reported very good results calling newcomers in the neighbourhood to invite them in to get acquainted.

Reminder: Any prospects that have shown interest for the future should be noted in your follow-up file.

If you will develop a planned prospecting program as suggested above, your sales time will become more productive and your income will increase substantially. Become a master prospector and you will become a master sales person. You will be in command of your future.

INSURANCE

GAIN MORE REFERRALS
SELL MORE INSURANCE

This form has been designed to assist the insurance agent to gain more referrals and sell more insurance by...

- Getting pertinent information about neighbours after every presentation or from present policy holders.
- Eliminating wasted travel time by being fortified with additional prospects in any given area.
- Making better use of the enthusiasm of new policy holders.
- Providing a simple way to coordinate mail, phone and personal call efforts.
- providing a permanent record of the information gained.

HOW TO USE THE DIRECTORY TO INCREASE YOUR SALES

METHOD ONE

Using the directory you can get the names and addresses of the neighbours of your prospect. After your presentation you do not have to ask for the names of people to see, you have the names. You can now ask specific questions about people your prosect knows...

"How many children do your neighbours, the Smiths, have?
"Do you know what Mr. Jones, across the street does for a living?"
"Can you tell me when Mr. Brown is usually at home?"

METHOD TWO

After delivering a new policy you would normally ask for referrals. In most cases, your client would give you one or two of his friends. They may be right in the neighbourhood or they may be at opposite ends of the city. Eliminate wasted travel time and increase your qualified prospect list by asking this simple question...

"Mr. Powers, I will be calling on a few of your neighbours, would you mind if I mention that you are a policy holder of my company?"

A quick check of your directory will give you a personalized prospect list of twenty or more. As neighbours, they will be more apt to see your new client and be exposed to the enthusiasm of a new policy holder.

You may find it helpful to prepare the list of neighbours before you deliver a new policy. Then as in method one, you will be supplied with names and can ask specific questions about people your client knows.

THIS IS IT!

Here's how to use you Vernon Directory, this form and the telephone to

- Ask for prospects for the listed home
- Get information to help a prospect make a decision
- Sell homes faster
- Gain additional listings

Follow this simple, effective technique!

1. Put the information about the new listing in the centre, shaded space.
2. Working each way from the listing, use your Vernon Directory to secure the names, addresses and phone numbers of the neighbours on the same and opposite side of the street.
3. Telephone each one. Here is a sample of how the conversation might go:

You: "Hello, (Mr., Mrs.) _____ ?"
Neighbour: "Yes..."
You: "Thank you, (Mr., Mrs.) _____ . This is_____ of _____ Realty. We have just listed the home (next door, across the street, down the block, etc.) for sale. I'm sure you're interested in it being sold to someone who will become good neighbours and we would very much like to find new owners that would make you happy. Would you mind if I ask you a few questions that will help me do that?"
Neighbour: "All right, what would you like to know?"

Most everyone will be anxious to help, which gives you an opportunity to get all the information you need. Here are some suggested questions you can tactfully ask.

Questions to get prospects for the listed home...
"Have any of your friends or relatives ever mentioned locating in this neighbourhood? Wouldn't this be a good time to let them know about this home? May I call them to arrange a time to see it?"

Questions to get information to help a prospect make a decision...
"I hear children in the room... how many do you have? How old are they?" (Knowing the ages of neighbour children may overcome the prospects' fear that their children won't like the new home.) "What kind of work do you (does your husband) do?" (Knowing that there are two attorneys on the street, for example, may sway a prospect who is also an attorney.)

Questions to gain additional listings...
"Your home is a three bedroom, isn't it? Are you considering a smaller (larger) home as the children grow up?"

Managers, please note:
Your directory representative will be happy to show your sales staff how to use this form and the telephone technique described above. Please call if you feel this service will be helpful.

PLEASE

DO NOT LEND YOUR VERNON DIRECTORY. IT COSTS YOU MONEY EVERY TIME YOU DO.

The practice of lending your Vernon Directory is, in great measure, responsible for the increasing cost of Directory Service.

THE REASON IS:

There is a definite cost involved in the making of the Directory of your city.

This cost must be absorbed by the subscribers - be it one, or be they 1,000.

If there were but one subscriber to the Vernon Directory, the one subscriber would of necessity have to absorb the whole cost.

If there were 100 subscribers, each one would have to absorb 1/100th part of the whole cost.

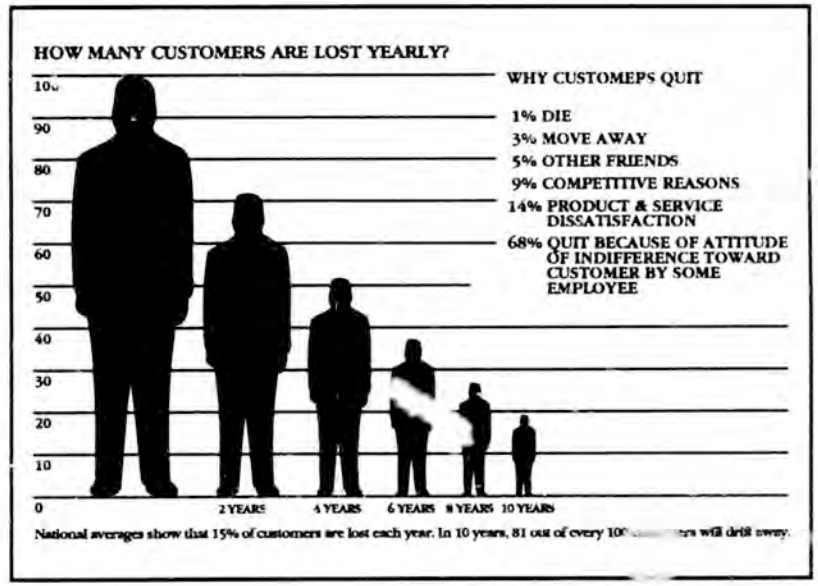
If there were 1,000 subscribers, each one would have to absorb 1/1,000th part of the whole cost.

It is obvious that the greater the number of subscribers the lesser the burden of cost to each. It is also obvious that the lesser the number of subscribers, the greater the burden of cost is to each.

Every time you lend your Vernon Directory you decrease the necessity for the borrower to subscribe to the service.

MORE BORROWERS RESULT IN FEWER SUBSCRIBERS WHICH MEANS INCREASED COST.

LET YOUR VERNON DIRECTORY HELP YOU KEEP PRESENT CUSTOMERS - FIND NEW CUSTOMERS, TOO!



VERNON DIRECTORIES HELP BUSINESSES FIND BUSINESS EVERY BUSINESS DAY OF THE YEAR!

HOW TO USE

VERNON'S *Business Sources*™

When you don't know what SIC classification to refer to...

- Determine the Industry Classification of interest from the alphabetical index of SIC codes in section three.
- This section will enable you to establish all categories of relevant businesses as defined by four digit SIC codes.
- Then refer to the business listing in section one under the numeric SIC codes desired. The SIC codes are listed as captions in numeric sequence.

When you know the name and location of a business but are not sure of it's classification...

- Refer to section two which lists businesses in alphabetical order and provides the four digit SIC code under which this business is listed.
- Then refer to the business listings in section one under the numeric SIC code desired. The SIC codes are listed as captions in numeric sequence.

When you want to know your market potential...

- Section Two can be used to determine the SIC classifications of your existing customers. Then by referring to the list of all businesses under these SIC codes in Section One you can define your market potential.

HOW STANDARD INDUSTRIAL CLASSIFICATIONS (SIC) WORK FOR YOU...

Definitions of SIC Numbers

The Standard Industrial Classification (SIC) Code number indicates both the function (services, retail, wholesale or manufacturing) and the line of business in which the company listed is engaged.

All listings with the same SIC number are in the same line of business: e.g., book stores 5942; wholesaler of hardware 5072; manufacturer of luggage 3161.

The SIC code is a U.S. government index used to identify business activity.

The first two SIC digits show whether a business is a manufacturer, wholesaler, retailer or service organization within a basic industry. The third and fourth show the specific line of business.

PLEASE

DO NOT LEND YOUR VERNON DIRECTORY. IT COSTS YOU MONEY EVERY TIME YOU DO.

The practice of lending your Vernon Directory is, in great measure, responsible for the increasing cost of Directory Service.

THE REASON IS:

There is a definite cost involved in the making of the Directory of your city.

This cost must be absorbed by the subscribers - be it one, or be they 1,000.

If there were but one subscriber to the Vernon Directory, the one subscriber would of necessity have to absorb the whole cost.

If there were 100 subscribers, each one would have to absorb 1/100th part of the whole cost.

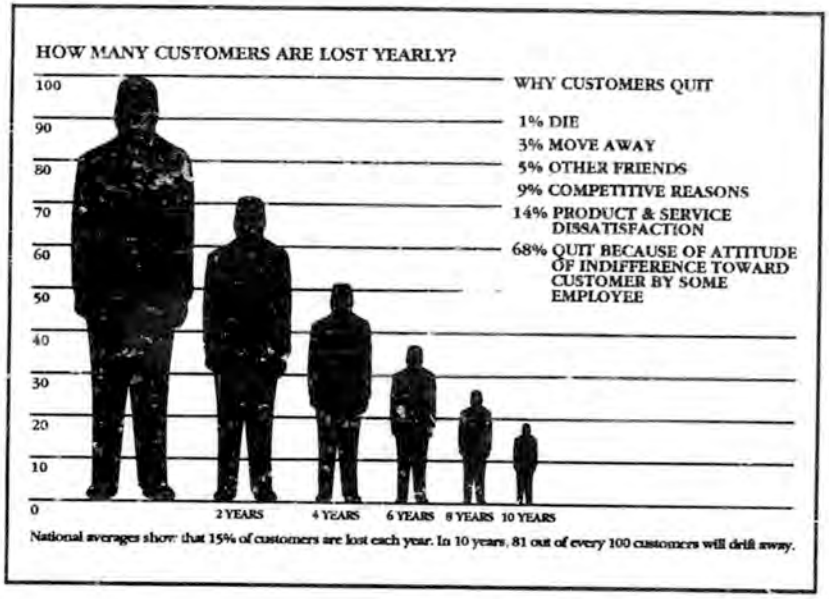
If there were 1,000 subscribers, each one would have to absorb 1/1,000th part of the whole cost.

It is obvious that the greater the number of subscribers the lesser the burden of cost to each. It is also obvious that the lesser the number of subscribers, the greater the burden of cost is to each.

Every time you lend your Vernon Directory you decrease the necessity for the borrower to subscribe to the service.

MORE BORROWERS RESULT IN FEWER SUBSCRIBERS WHICH MEANS INCREASED COST.

LET YOUR VERNON DIRECTORY HELP YOU KEEP PRESENT CUSTOMERS - FIND NEW CUSTOMERS, TOO!



VERNON DIRECTORIES HELP BUSINESSES FIND BUSINESS EVERY BUSINESS DAY OF THE YEAR!

GET MORE BUSINESS WHERE THE ACTION IS WITH THE EXTRA SPENDING RECENT MOVERS IN YOUR AREA

Someone who has just changed addresses has a sudden and serious problem far above average NEED for his home and family. The only solution to the problem is to spend one's way out of it. Reach movers at this important time in your sales or advertising message and you get RESPONSE. You get ACTION. You get MORE BUSINESS – plus a valuable new customer who may stay with you for a long time.

RECENT MOVERS BUY MORE OF EVERYTHING FOR CHILDREN. They are younger parents, with more children, younger children, more need wherever they are for all the products and services it takes to keep children fed, clothed, sheltered, educated and healthy. A move into your area often temporarily increases the need for many of these goods and services. Children are where the action is.

RECENT MOVERS BUY MORE OF EVERYTHING FOR THE HOME. A new house is a different house. It is often larger than the home the family left behind. Paint, insurance, garden hose, furniture, appliances, carpeting, drapes, lawn mowers, grass seed, screens, a second car, and a hefty bank loan to pay for all of it are just some of the things the recent mover needs almost all at once to bring the new home to the standard previously set for the family. Recent movers buy almost 50% more of these items than the average family. New homes are where the action is.

RECENT MOVERS BUY MORE OF EVERYTHING THEY BUY ON CREDIT. Temporarily, at least, the recent movers' needs usually exceed the ability to pay cash. The only choice is to buy now and pay later. Present above-normal requirements force movers to fill their present needs out of future income. With the recent mover, CREDIT is where the action is.

PLEASE

DO NOT LEND YOUR VERNON DIRECTORY. IT COSTS YOU MONEY EVERY TIME YOU DO.

The practice of lending your Vernon Directory is, in great measure, responsible for the increasing cost of Directory Service.

THE REASON IS:

There is a definite cost involved in the making of the Directory of your city.

This cost must be absorbed by the subscribers - be it one, or be they 1,000.

If there were but one subscriber to the Vernon Directory, the one subscriber would of necessity have to absorb the whole cost.

If there were 100 subscribers, each one would have to absorb 1/100th part of the whole cost.

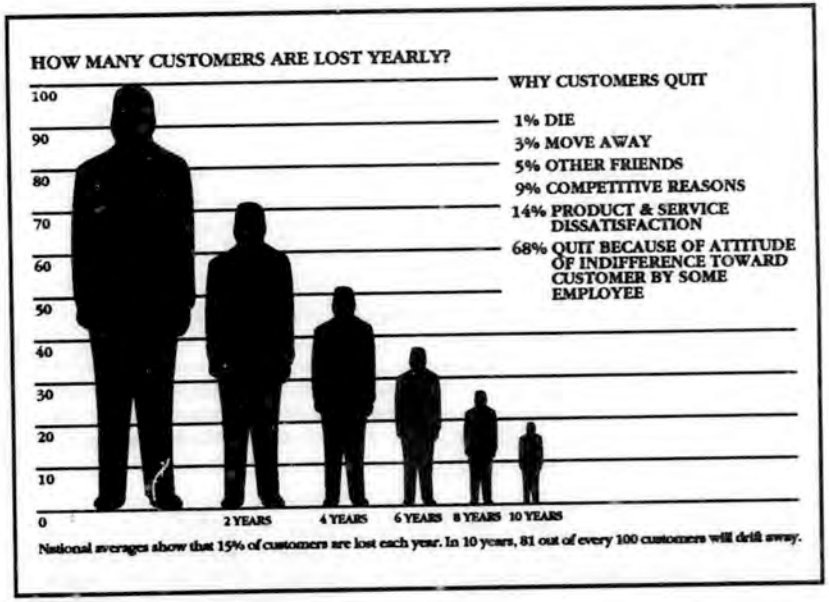
If there were 1,000 subscribers, each one would have to absorb 1/1,000th part of the whole cost.

It is obvious that the greater the number of subscribers the lesser the burden of cost to each. It is also obvious that the lesser the number of subscribers, the greater the burden of cost is to each.

Every time you lend your Vernon Directory you decrease the necessity for the borrower to subscribe to the service.

MORE BORROWERS RESULT IN FEWER SUBSCRIBERS WHICH MEANS INCREASED COST.

LET YOUR VERNON DIRECTORY HELP YOU KEEP PRESENT CUSTOMERS - FIND NEW CUSTOMERS, TOO!



VERNON DIRECTORIES HELP BUSINESSES FIND BUSINESS EVERY BUSINESS DAY OF THE YEAR!

GET MORE BUSINESS WHERE THE ACTION IS WITH THE EXTRA SPENDING RECENT MOVERS IN YOUR AREA

Someone who has just changed addresses has a sudden and serious problem far above average NEED for his home and family. The only solution to the problem is to spend one's way out of it. Reach movers at this important time in your sales or advertising message and you get RESPONSE. You get ACTION You get MORE BUSINESS – plus a valuable new customer who may stay with you for a long time.

RECENT MOVERS BUY MORE OF EVERYTHING FOR CHILDREN. They are younger parents, with more children, younger children, more need wherever they are for all the products and services it takes to keep children fed, clothed, sheltered, educated and healthy. A move into your area often temporarily increases the need for many of these goods and services. Children are where the action is.

RECENT MOVERS BUY MORE OF EVERYTHING FOR THE HOME. A new house is a different house. It is often larger than the home the family left behind. Paint, insurance, garden hose, furniture, appliances, carpeting, drapes, lawn mowers, grass seed, screens, a second car, and a hefty bank loan to pay for all of it are just some of the things the recent mover needs almost all at once to bring the new home to the standard previously set for the family. Recent movers buy almost 50% more of these items than the average family. New homes are where the action is.

RECENT MOVERS BUY MORE OF EVERYTHING THEY BUY ON CREDIT. Temporarily, at least, the recent movers' needs usually exceed the ability to pay cash. The only choice is to buy now and pay later. Present above-normal requirements force movers to fill their present needs out of future income. With the recent mover, CREDIT is where the action is.

Check the Street Section for listings that are highlighted as changes

REACH THE RECENT MOVERS! THEY CAN BE PRIME MOVERS OF GOODS AND SERVICES FOR YOUR BUSINESS

TELEMARKETING

Vernon Directories is concerned about unprofessional telemarketing practices in our marketplace.

The Canadian Direct Marketing Association has coordinated an alliance of telephone companies, government and consumer groups against companies using unprofessional and illegal telemarketing.

UPSET PROSPECTS RESULT IN LOST CUSTOMERS

The following are telemarketing guidelines developed by the Canadian Direct Marketing Association.

1. Telephone Marketers should promptly identify themselves and the organization represented.

2. Telephone presentations must be clear and honest. There should never be attempts to mislead or misrepresent, exaggerate, use partial truths, engage in deception, fraud or false pretense of any sort.

3. Normal rules of telephone courtesy should be observed. Attempts to harass, intimidate, or the use of obscene or vulgar language are unacceptable.

4. The privacy of the consumer must be respected by making every effort to make calls at a time and place convenient to the recipient. Vernon Directories recommends that the following time period for outbound calling be observed: 9:00 a.m. to 8:00 p.m. weekdays, 10:30 a.m. to 5:00 p.m. Saturdays. No calling should be conducted on Sundays.

5. Telephone marketers should not call unlisted or unpublished telephone numbers unless a current relationship with the prospect exists.

6. Telephone orders should not be accepted from minors without adult approval.

7. Telephone marketers should make conscientious efforts to remove names from their contact lists when requested to do so.

8. All calls should be made within the framework of Federal, Provincial and Municipal Laws.

9. Telephone Marketers should respond to the consumer in a forthright manner, providing the recipient with copies of all pertinent information upon request. Every reasonable effort should be made to ensure that a customer has a thorough understanding of his/her obligations.

10. Whenever monitoring/call observation, and/or tape recording equipment is employed, all applicable statutes must be adhered to.

VIOLATIONS OF THESE GUIDELINES WILL BE REPORTED TO THE C.D.M.A.
