AMBIANCE INTERIORS

Timeless Design That Reflects You

Based in Atwood since 2009, Ambiance Interiors is a full-service interior design and renovation firm founded by Principal Designer Kahley DeVries. With over 15 years of experience, Kahley's signature lies in crafting timeless transitional spaces that feel beautiful and livable. Supporting Kahley is Interior Decorator Courtney Dietrich, who leads their e-design services while assisting on full-service projects.

At Ambiance Interiors, every project embraces a deeply collaborative process. This thoughtful system ensures that each project, from consultation to completion, flows smoothly and predictably. Clients are guided step-by-step through design decisions, timelines, and budgets, with transparent communication at every stage.

Ambiance Interiors offers a range of services from initial design consultations and e-design packages to full renovation project management and custom cabinetry layouts. Kahley ensures clients receive personalized design solutions tailored to lifestyle, budget, and aesthetic needs.

Along with their glowing 5 Star Rating, Ambiance Interiors has been recognized locally, earning the 2017 Personal Service Business of the Year Award from the North Perth Chamber of Commerce, a testament to their design excellence and community impact. They have also been featured in a number of publications over the past few years, including Style at Home in 2020 and Modern Farmhouse in 2025, further showcasing their work to a national audience.

The Ambiance Interiors team takes pride in delivering not just beautiful spaces, but peace of mind, thanks to their consistent updates, realistic timelines, and a clear understanding of what to expect next.
