

TREE TECH

TREE TECH

Seasonal Maintenance Solutions

Based in Mitchell, Ontario, TreeTech is a trusted provider of professional tree care and property maintenance services across Perth County. Known for their safety-first approach and commitment to customer satisfaction, TreeTech offers comprehensive solutions for residential, commercial, and municipal clients.

TreeTech's residential services include tree removal, trimming, stump grinding, and cleanup. Their experienced team ensures that each project is executed safely and efficiently, minimizing disruption to the surrounding environment. For commercial and municipal clients, TreeTech provides specialized services such as roadside tree removal, land development clearing, and lot preparation. Utilizing advanced equipment like the Sennebogen 718 tree cutter and the Albach high-capacity chipper, they can safely and effectively handle large-scale projects.

In addition to tree care, TreeTech offers seasonal services including snow removal and commercial property maintenance. They also provide local delivery of bagged mulch, soils, and aggregates, supporting clients in maintaining healthy and attractive landscapes year-round.

TreeTech's dedication to safety, innovation, and customer service has established them as a leader in the tree care industry. Their skilled team, state-of-the-art equipment, and comprehensive service offerings make them a reliable partner for all tree and property maintenance needs.
