CHOK. FINE CHOCOLATES

Every Chocolate has a Story

In the charming town of Shakespeare, just a short drive from Stratford, Chok. Fine Chocolates offers a unique experience. Founded by Stephen Beaumont, originally from London, England, Chok. began as a side project during his dinner parties, where chocolates crafted as after-dinner treats received such enthusiastic praise that he decided to pursue his passion professionally.

Stephen launched Chok. in early 2020 from a certified kitchen in the basement of his Windsor home, with the unwavering support of his wife, Virginia (Ginnie) Foley. In 2023, Stephen opened a dedicated retail space in Shakespeare. Building on this success, Stephen is set to expand further in 2024 with a larger facility in Shakespeare.

Stephen's commitment to sustainability is unwavering. He crafts his chocolates using only the finest Swiss, fair-trade chocolate, sourced ethically from trusted suppliers. At Chok., every bite is a promise of quality, creativity, and a journey that delights all the senses

Stephen Beaumont brings the magic of chocolate to life through immersive bonbon-making workshops and intimate private events. In 2023, Stephen joined the Perth County Discover More Adventures program, offering a signature 2.5-hour experience. Visitors to the Chok. studio can explore the process of decorating, casting, filling, and capping their very own bonbons, all under Stephen's expert guidance.

Stephen's hard work and dedication earned him the 2024 Emerging Business of the Year award. This recognition is a testament to how the supportive and encouraging environment of Perth County provides the space for individual passions to grow into notable achievements.
